Kia ora whānau,

Due to the very generous support from Bainham and Pakawau Rural women, we have secured full scholarships for Skyla, Grace, Sofie, Nora, Briar and Tiana to take part in the Duke of Edinburgh Award Scheme. Once we have received the funds each of the students accounts will be credited with \$86.25.

The onus is now on our team of students to get to work!

Hopefully in the next twelve months we will start to see students receiving their Bronze Award and at that time we will invite representatives from the Rural Women group to come to an assembly and present the award.

Ngā mihi

Hugh

An update from the board on some recent governance achievements and plans for 2021.

Firstly we have recently completed a **comprehensive review of the [Child Protection Policy](#)**, this is one, if not the most important policy for schools – ensuring all tamariki are safe and provides support to all staff on how to identify and manage situations. We'd like to acknowledge the combined efforts of Joyce, Elizabeth and Hugh on the many hours of ground work developing this policy.

We'd also like to **thank all the whānau who attended our recent session with WSP architects** presenting the latest plans (in 3D virtual reality) and progress on the school rebuild project. We are now working into the Developed design phase of the project where the overall building design is further developed into specifications and internal spaces are developed to the next level of detail. This enables the project to start working through the building consent processes with the council in preparation to hopefully start some of the construction phase by the summer holidays.

Finally we'd like to share an **overview of the Boards workplan for 2021** – this is not a finite list, but highlights a timeline guide when work will commence on various governance aspects. We hope this will help give greater transparency to our school community and help to enable appropriate feedback to the school management and Board. Alongside this we'd like to remind everyone that you are welcome to attend Board meetings as an observer, as they are meetings held in public. We also include copies of the minutes available on the school website.

## Science Roadshow

My favorite part of the Science Show was the spinning illusion room because it made me feel sick when it was spinning but when it stopped spinning I didn't feel sick anymore.

My second favourite experiment was the electric ball carrying 10,000 volts. When you put the metal stick on the electric ball and then put your hand on it it didn't shock you but it made my hair stand up on end!

By Aonghus Garbutt

The Science Roadshow over in Takaka was pretty cool, they had all these little experiments and things you could do there. My favourite "experiment" was this little dark space with a torch, using the torch you could rub the end of the torch on to this board and it would draw and glow for a period of time. Overall the trip was worth it in the end and I think that everyone had at least a bit of fun.

By Tyler Ricketts

The Science Roadshow was really interesting. My favourite experiment was when they put nitrogen in a balloon and put a candle underneath it, it exploded because the nitrogen reacted with the heat and caused it to burst and the balloon shredded like confetti and went all over us. We had to block our ears because it was so loud. It was awesome.

In another experiment there was a chair that you sat on and a curtain that spun around you with black and white stripes and it made you feel as if you were spinning. It made me feel dizzy afterwards. I think it was really cool.

## Athletics 2021 Results

We enjoyed our second ever CAS whole school Athletics day in Week Seven. Students displayed great sportsmanship and participation. The finish line was pumping with Jonny's 80s pop playlist and there were some impressive performances namely Cooper S in Year Four beating the whole school in the 1500m. There were plenty of individual achievements from students stepping out of their comfort zones to participate in an event or pushing themselves to beat a school record. The effort everybody displayed individually and representing their Whānau made the day a huge success. The senior common room relay team also redeemed themselves after their swimming defeat and beat the staff in the 4 x 100m.

A huge congratulations to all that participated and made the day so enjoyable. Here are the results...

Hi,

I'm in Whakapapa tonight, heading to do the Tongariro crossing tomorrow, and the weather is looking great.

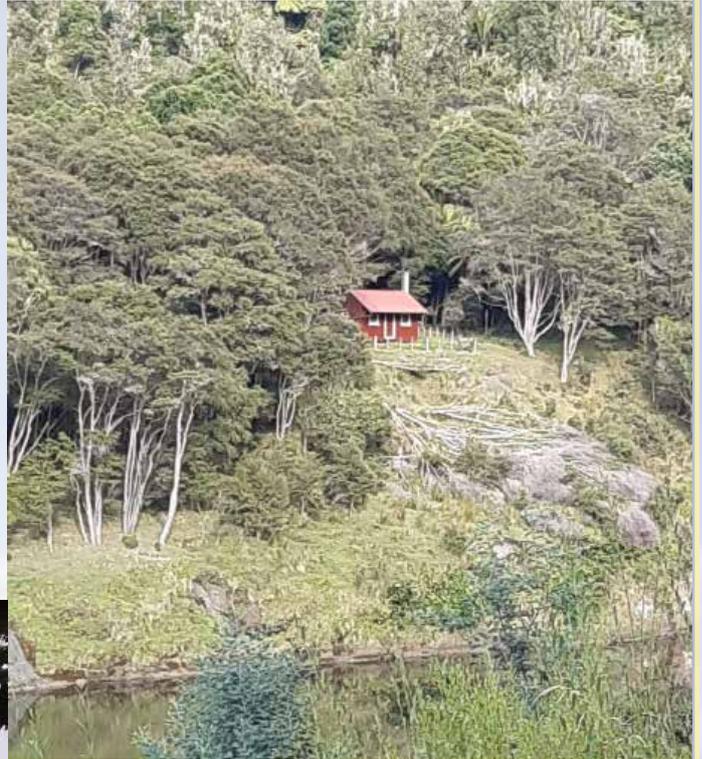

We loved walking the Whanganui River, the awa is such a special place. We stayed in the old convent in Jerusalem for a night, which was a real treat. There is lots of history. We had a wild jet boat ride to the bridge to nowhere the next day.

It took six days to walk the river. There was a lot of beautiful native forest and whio on the river!

See you all soon!

## Beach Clean Up

A massive well done to Coby and Leroy who on Tuesday as they were both playing in the mudflats behind Steveo's found all this old broken glass, old plates and metal. They decided to make a pile on the bank. When they came and told me what they had down I said, "I'll put it in a bucket and take care of it", Leroy said "She'll have to be a pretty big bucket." The pile of broken glass filled over two blue recycling bins!

Fantastic work boys for getting outside and keeping our amazing space beautiful! H.G.

## TOSI

A couple of weeks ago twenty students and five adults travelled down to Reefton to attend a long delayed Top of the South Area schools Tournament - finishing Second overall!

We had a strong and consistent start and finish for the girls, placing Top Two in all sports apart from one. The boys had a slow start but came back strong placing Top Four in most sports. They all fought hard and behaved with respect and dignity that Collingwood should be proud of.

A highlight from the trip would have to be basketball. The girls were up first, and throughout the pool play looked strong but we made it to the finals with good wins throughout the day. The final match was against SWAS, and it was as competitive as it could get. The score swung from one team to another, with thirty seconds to go, SWAS was up by one point. With some amazing defence from Momoti and Bianca we managed a turn over, with Lilly flying the ball down court to Natalie to draw in defenders for a last pass off to Hayley, who put the shot up sinking a two pointer. We came away with an outstanding 1st place. One I will not forget in a hurry!

The boys were as impressive throughout the day, unfortunately taking a couple losses to put us in spot for 3rd and 4th. Just like the girls game it was a nail biter. Again against SWAS, we fought hard with some sharp shooting from Jayden and Patrick, and some solid defence from Ben, Jesse, Logan and Izakk, we clambered back in the final moments to come out even. This led to a golden point show down, where the first to score wins. This was one the most nerve wracking moments of the trip for me. The ball went down one end and back multiple times with both teams giving their all in defence. Unfortunately one missed shot from us led to a break away from SWAS and they put the ball in the hoop. It was hard to watch the boys work so hard and just miss out, but I was so proud of the effort they put in!

There are many other points throughout the week which stand out, girls football, playball, Ki-O-Rahi and though I didn't get to watch Ultimate Frisbee sounded like a sport of utter excitement. A first in the Art challenge, Rogaine and a second in chess and badminton!

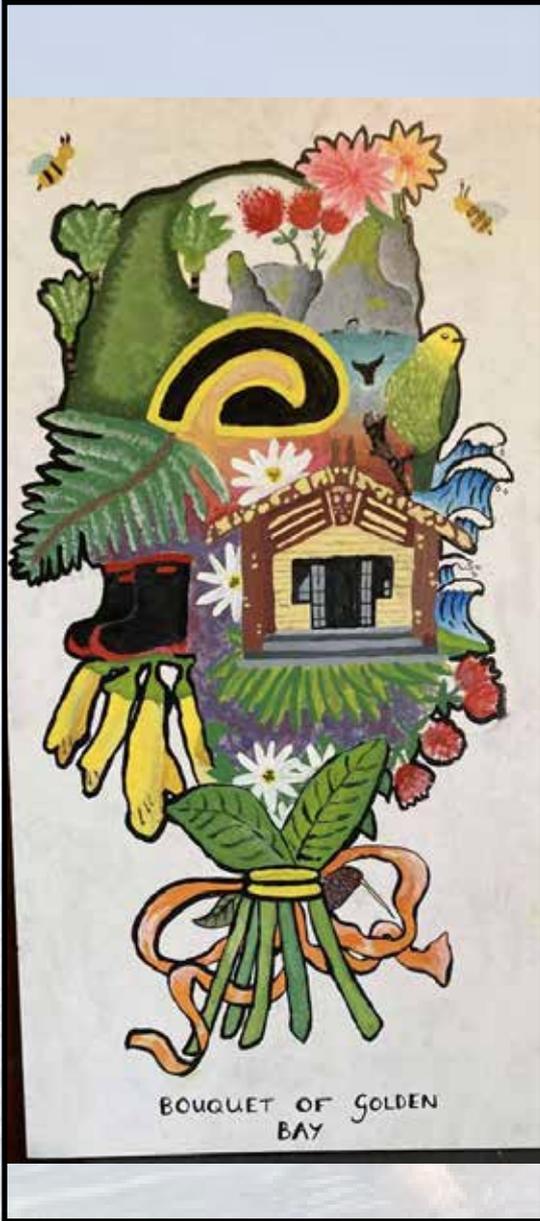

I would just like to take a moment to thank and appreciate the three parents that came down. Tracey, Sam and Trudy. We are so grateful to have your support, I know the kids thoroughly enjoyed having 'mums' help when needed. And your behind the scenes work is invaluable. A huge thank you to the community and parents for the support we received. To all our volunteer coaches, Mike G, Renae, Mike W, Braden, Mr Lewis and any one else who has helped in anyway, thank you. A huge thank you to all the local businesses who donated in anyway possible, we are beyond grateful to all of you. Your support has made this trip possible for these kids. Thanks to Pete for getting into it and being an amazing coach and teacher for this group, I hope you enjoyed your first TOSI!

My final thoughts, I have been so impressed with all of you students, we may have had a unsteady start with practices, but all of you have proven just how responsible you can be. You should all be proud of how you carried yourselves and represented yourselves and the school. I am immensely proud of you guys and so impressed we came 2nd overall.

A special shout out to Momoti, Lilly, Bianca, Natalie, Hayley, Courtney, Claire, Zoe, Tiana, Patrick, Jayden, Ben, Logan, and Josef for being selected to trial for a spot to represent the whole Top of the South at Nationals.

I am so privileged to be a part of this event and hope it has been enjoyable for all involved. Bring on TOSI 2022 in Rai Valley!

**Dental Bus**

The mobile dental bus will be at school from Monday. They ask that a parent / caregiver attends each child's first appointment. The Therapist/s would like to be able to discuss any treatment or dental concerns/issues/ suggestions with the parent/caregiver instead of having to ring them later in the day.

Any further appointments can be student only but they ask that parents notify teachers with the times.

If they have been given an appointment that clashes with being able to attend, we are happy to change it so they can attend. If a parent works from 8 – 5 every day and can't get time off to take their child/ren, can they please call us on 0800 833 846 to let us know and we'll discuss it.

**BE A GUARDIAN OF THE FUTURE**

**Aged 15-30?** Get immunised against measles to protect your whānau, community and future generations from harm. It's free at GPs and participating pharmacies.

Measles is a serious disease that can make you very sick. It's about 8 times more contagious than COVID-19 so spreads fast.

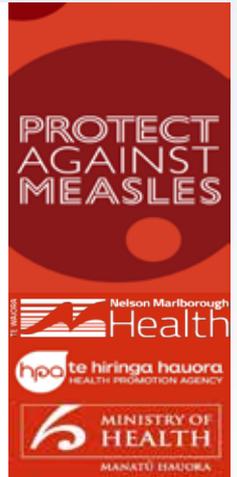

Getting immunised is the best way to protect you, your whānau and community from catching and spreading measles.

Not sure if you're already immunised against measles? Lots of people aged between 15 and 30 years didn't get fully immunised when they were children. This puts you at risk of catching and spreading measles.

Ask your doctor, parent or caregiver if you had two doses of the MMR vaccine as a child. If you don't know, it's best to get immunised. It's safe to have an extra dose of the MMR vaccine.

To find out more about the vaccine, measles, which pharmacies you can get your free immunisation at and more, go to:
